Shut down of McNeill Pumping Station Scheduled

The Water & Sewerage Department has scheduled a shutdown of the McNeill Water Pumping Station for Saturday, December 8 starting at 7 a.m. This shutdown is required to operate valves in the distribution system in preparation for future water main repair work on North Common Street. The shutdown of the station is expected to last 4 to 6 hours. Residents and business that are directly affected will be notified today. Lower water pressure may occur in the downtown area. If your water pressure drops significantly, please contact the City's service center at 673-7600.
